

# Fundraise with tulip bulbs!

*Where gardening meets community support*

[Vanco Farms Ltd.](#) is proud to renew its fundraising campaign available to all communities, organisations, service groups and institutions across Canada.

Support the joys and benefits of gardening and beautification while fundraising for your special cause or project.

Tulips are easy to plant – great for all ages! – and require little maintenance. They provide a joyful boost of colour after those long winter months, and bring springtime cheer to any flower bed or planting location. When growing in rich and well drained soil, they will propagate and bloom again year after year.

## VANCO TULIPS ARE GROWN IN CANADA AND PROVIDE MANY BENEFITS, INCLUDING

- ✓ **No import/export process** = less risk of mishandling; less prone to disease.
- ✓ **Large product availability / inventory:** grown under our care, supervision and farming expertise.
- ✓ **Multiple grading/sizing steps** for optimum quality control.
- ✓ **Competitive pricing** for a top quality **local** product.
- ✓ **Environmental Stewardship:** Our greenhouse and facilities are heated with straw harvested at the farm, for a carbon neutral heating source.
